Subject: Update

Hi Raji – left you a message a moment ago. A quick update on a couple of things.

- 1) The language regarding removal action timing – which was the last remaining issue on the AOI-1 Scope of Work – has been resolved. EPA proposed some language in the AOC for AOI-1 that has been approved by the PRP Group and I will use that language in the Scope of Work also. I will get the final Scope of Work to you next week.
- 2) The Statement of Work for AOI-1 has not gotten much attention as folks have been focused on the AOC for AOI-1. However, I will re-route my proposed responses to EPA's comments on the Statement of Work to the PRP Group and try to get that moving so that I can then send those to you. Not sure on timing, but just wanted to let you know I am still pushing that.

Call me when you get a chance.

Regards,

Matt
